"I participated in your 11/11/11 activation, which was powerful beyond belief, and began the vortex journey for myself. I downloaded the free vortex meditation from your website. And I must say, as a Starseed, it resonates extremely well within my energy field and feels so natural. I feel it spinning all day and gradual and beautiful openings are occurring. So once again. Thank you so much and i can't wait to continue my vortex journey to see where it takes me." Mark

"I have enjoyed your meditations IMMENSELY! I have been a metaphysician and Yogini for many lifetimes...I have shared this with friends. I even used the Vortex Meditation at 11:11 11 as the opening ritual for a retreat I participated in, in the spectacular Smoky Mountains of Tennessee. I use these often and find them wonderful. THANK YOU SO MUCH!!!!" Suzann

"Thanks for the wonderful meditations! I feel awesome! I feel a 'coming home' to myself. I feel lots of joy and huge gratitude." Michelle

"I want to thank you for the wonderful meditation with the 12D configurations. I used this during my sleep, as energies came up, I was guided to step into this sacred geometry and sudden stillness and peace resulted. This will help me with all types of chaos at work too, getting guidance how and when to use it. Pat

"The process you led us through on Jen Blackert's call with you was, in my experience, 'big.' Really awesome, but not something I'd probably do every day. But the free download is so gentle. Profound, immediate in its relief of 'what's going on.' And perfect for everyday. The results are huge, but it also integrates almost immediately so I don't feel a 'recovery period.' (You know like when you have a really deep massage you need to zone out and drink water for a while?) The vortex meditation download cleans things up immediately and nicely. Like I said - profound. But it doesn't create the integration lag that would take a huge chunk out of my day. It's wonderful." Katherine

"I just wanted to say what a major change for the better I am experiencing since I found you. Thank you, thank you, thank you. Both of the 11-11-11 events were off the charts; words cannot explain them—WOW!!!! I have been doing your vortex meditation everyday. I had seemed to reach a plateau in raising my vibration and awakening. Now, I am like a shooting star! Thank you once again." Jason

"I was just able to carve out the time and space to listen you and Brian. I have never felt this way at any time in my life. I feel so lucky to have found you as the one to bring us all into ascension. Words cannot even describe the feelings. That was magnificent!" Julie

"I participated in the 12:12 Ascension Wave and feel so blessed to be a part of it. Blessings to you and all that help you!" Sharan
